VENUS PROFESSIONAL

Amino Acid Hair Straightening System

AviGal Cosmetics has developed an all natural hair treatment called Venus Professional. Our unique hair repair system uses Amino Acids to straighten hair naturally without the need of unnecessary chemicals such as formaldehyde, sodium hydroxide, thio, or lye.

Venus Professional hair line implements important amino acid nutrients into the hair such as keratin, l-cysteine, and silicones which eliminate between 90% to 100% of frizz and curl, resulting in **Soft, Shiny, Manageable**, and most of all, healthy hair!

Amino Acid Hair Straightening

The Benefits Of Venus Professional

Venus Professional is based on amino acids that protect the hair from day-to-day environmental elements such as the sun, humidity or rain. Our Anti-Frizz treatment lasts 4-6 months and can be applied as often as needed.

By removing frizzy, curly, unmanageable hair, you can expect to have shiny and straight hair with a simple wash and go.

AviGal Venus Anti Frizz Treatment is suitable for **All Hair Types**.

Advantages of Venus Professional

- * Eliminates Frizz
- * Moisturizes
- * Based on Amino Acids
- * Enhances Shine
- * Protects & Strengthens Hair

ABOUT AVIGAL COSMETICS

Who We Are

The founders of AviGal, Karin & Roei Lieber, were inspired by their mother, Nina, who was a New York & Florida registered Cosmetologist. Nina was a hairdresser for over 25+ years and was best known for her expertise in hair color correction. In 2006, Nina was one of the first to introduce the world to hair keratin treatments.

Karin & Roei have worked side by side with Nina as she created formulas to help women feel their best, starting from the appearance and texture of their hair. Karin and Roei are passionate about continuing in their mother's footsteps, spreading her proven hair treatment formulas, and letting others know that we can all unite to be one.

AviGal

Our Mission

AviGal is an American-made cosmetology company that manufactures its products in Brazil. Headquartered in Myrtle Beach, South Carolina, AviGal is the world's latest edition in the hair care industry, aiming to protect, nourish and eliminate hair damage using revolutionary hair formulas.

*“The Feeling
Of Beauty”*

Anti Frizz Treatment

33oz / 1000ml

AviGal Venus Professional Anti-Frizz Treatment is an intense smoothing hair restoration system that straightens hair and eliminates frizz. Based on amino acids and rice protein, this new era of revolutionary hair care treatment protects and strengthens hair color and fibers.

Amino Acid Hair Straightening System

AviGal Venus Anti-Frizz Treatment restores all types of hair that have been damaged due to excessive heat, friction, and hair dyes. This unique treatment allows for you to minimize the usage of your blow dryer and flat iron from the benefits achieved after just one application. With results lasting up to 4-6 months, AviGal Anti-Frizz treatment relies on the acidic proteins and amino acids to work their magic within your hair, keeping it frizz-free, soft, and easily manageable.

Hair Clarifying Shampoo

AviGal Venus Clarifying Shampoo is formulated with Arnica Montana which removes build up and hard water chemicals. This guarantees longer lasting results when applied before the hair treatment. Designed for all hair types, our pH-balanced detoxifying shampoo acts as a restart agent when needed for those who wash their hair frequently, swim often, struggle with oily hair or simply need a scalp refresh.

Clarifying Shampoo

33oz / 1000ml

Arnica Montana is a unique oil that reduces inflammation, clears away built-up sebum oil and kills bacteria on the scalp.

Using AviGal Venus Clarifying Shampoo prior to applying AviGal Venus Anti-Frizz allows for the treatment to penetrate the hair follicle.

After Care Shampoo

33oz / 1000ml

AviGal Venus Aftercare Shampoo is specifically formulated to restore the hair complex by improving the texture of the hair with amino acids and hydrolyzed wheat protein.

Our sulfate free aftercare shampoo cleans hair all while moisturizing from product build-up.

After Care Shampoo

In addition, this specialized formula removes excess oils and residue from the hair, which in return, hydrates and strengthens the hair shaft, preventing breakage and adding shine. Using AviGal Venus Aftercare Shampoo regularly helps improve the overall appearance of the hair.

After Care Shampoo can be used for curly, frizzy, wavy, dry, natural or colored hair.

After Care Conditioner

AviGal After Care Conditioner Strengthens and moisturizes your hair with its smooth complex technology. This professional hair care product helps retain moisture balance and smoothing control.

AviGal density-protecting conditioner is specially designed for chemically treated hair with progressed thinning. It is designed to improve the feel, appearance, and manageability of hair.

After Care Conditioner

33oz / 1000ml

AviGal After Care Conditioner is the forth step following the use of After Care Shampoo. Recommended to use with AviGal After Care Shampoo to reach better results.

AviGal Shampoo and Conditioner are designed to strengthen and amplify the hair structure.

Step By Step

How To Apply

Step 1:

Wash hair with
AviGal Clarifying Shampoo
pH 7.0-8.0

Use a towel to remove any
excess water and dry hair
between 90-100% with a
blow-dryer.

Step 2:

Part hair into 3 or 4 sections.
Apply Venus Anti Frizz Treat-
ment solution in small sec-
tions starting from the back
of the head.

Using an application brush,
Apply ¼ inch from the roots.
Comb hair treatment through
the entire hair, making sure
treatment has been equally
distributed and the tips of the
hair is covered.

Step 3:

Brush hair back and wait
approx. 30-60 min. You may
use a heat processing cap or
sit under dryer chair.

Step 4:

Part hair into 3 or 4 sections.
Starting from the back of the
head, blow dry with a flat
brush, at medium heat,
making sure that the hair is
100% dry.

Step 5:

Part hair into 3 or 4 sections. Using a comb, grab a 2" strand of hair and begin flat ironing at 450° F.

Step 6:

Wait 15 minutes before rinsing. Wash out the treatment with warm water. Proceed by shampooing once with AviGal Shampoo. Finally, apply After Care Conditioner and rinse with cool water

Step 7:

Blow dry the hair, Style as desired!

FAQs

Let Us Answer
Your Questions!

Q: What are the benefits of AviGal Venus Amino Acid Anti-Frizz treatment?

A: Amino acids aid in strengthening the disulfide bonds, also known as cysteine bonds, which determine the curliness of your hair. Amino acids are the building blocks needed to leave your hair feeling silky smooth.

Q: What types of hair can Venus Anti-Frizz treatment be applied to?

A: Hair that is curly, frizzy, wavy, coarse, colored or permed hair can benefit from this treatment.

Q: Does AviGal Venus Amino Acid Anti-Frizz treatment contain formaldehyde?

A: No, this specific hair treatment contains amino acids which aid in important vitamins and proteins that the hair needs to remain healthy.

"A Great Hairstyle Is The Best Accessory"

Q: How often can AviGal Venus Anti-Frizz hair treatment be applied?

A: AviGal Venus Amino Acid Anti-Frizz treatment can be applied as often as needed. On average, 2-3 times a year.

Q: How long do I have to wait before washing my hair once applying AviGal Venus Amino Acid Anti-Frizz treatment?

A: It is recommended to wash your hair the same day after the treatment has been applied.

Q: Can AviGal Venus Amino Acid Anti-Frizz treatment be applied over chemically processed hair?

A: Yes, there is no harm in applying this treatment on all previously applied chemical processed hair treatments.

Q: Is AviGal Anti-Frizz Treatment permanent?

A: No, AviGal hair treatment washes out over time, usually around 4-6 months.

Q: How long does it take to apply the treatment to the hair?

A: AviGal Venus Anti-Frizz treatment takes about 2-3 hours to be applied depending on hair length and thickness.

Q: Can I go to the pool or beach after having Venus Anti-Frizz treatment applied?

A: You may go to the pool and beach; it is recommended to rinse the hair with fresh water as the chlorine and salt can cause the treatment to wash out sooner.

Q: How long do I have to wait before coloring my hair after applying the AviGal Venus Anti-Frizz treatment?

A: Coloring of the hair is recommended AFTER the treatment is applied the same day.

Q: Will this treatment change the hair color?

A: Depending on the hair color dye and type of hair, you can expect the hair color to change 1-2 shades lighter after getting AviGal Anti-Frizz Treatment.

* Color change does not apply to all hair
